PRODUCT NO. 6749

VIAL, INHALATION, 3.5ML

w/o Cap, Amber, 13mm OD x 76mm L, Stockwell, (Non-Sterile)

DESCRIPTION: Self-standing vials designed with a Rack-Lock base to allow locking into Inter-Lock Racks for one handed operation. Polyethylene external threaded screw caps are designed with mold-in sealing rings to assure a leak tight seal without gaskets. Vials are produced from non-toxic, high clarity, high strength, biological grade polyallomer. Accommodates standard storage canes. Used with ScreCaps.
