PRODUCT NO. 6753

VIAL, INHALATION, 3.5ML, W/CAP (RED)
13mm OD x 76mm L, Stockwell, (Non-Sterile)

DESCRIPTION: Self-standing vials designed with a Rack-Lock base to allow locking into Inter-Lock Racks for one handed operation. Polyethylene external threaded screw caps are designed with mold-in sealing rings to assure a leak tight seal without gaskets. Vials are produced from non-toxic, high clarity, high strength, biological grade polyallomer. Accommodates standard storage canes.
