PRODUCT DECLARATION

Product name: Empty vegetable Capsules
Stock code: 3194, 3195, 3196, 3197, 3198, 3199, 3256, 3257, 3287

INGREDIENTS: Refer to Medisca Certificate of Analysis.

ARTIFICIAL COLORS: Where applicable refer to Medisca Certificate of Analysis.

SOURCE OF HYDROXYPROPYL METHYLCELLULOSE (HPMC): Hypromellose is a cellulose material derived from softwood trees, mainly pine and spruce trees, which are grown and harvested from plantations in Western Europe and North America. The HPMC suppliers confirmed that only wood pulp obtained from FSC (Forest Stewardship Council) and/or PEFC (Programme for the Endorsement of Forest Certification) certified sources is being used, thereby assuring that the trees originate from sustainable forestry. The Hypromellose complies with the compendial requirements as listed in the harmonized USP, Ph. Eur., and JP monographs. It also meets the criteria for use as defined by 21 CFR 172.874 Hydroxypropyl Methylcellulose for food-related applications in the United States. Furthermore, it complies with the purity criteria for E464 (HPMC) as defined in Commission Regulation 231/2012 laying down specifications for food additives listed in Annexes II and III to Regulation (EC) No 1333/2008.

BSE/TSE: Capsules are produced from HYDROXYPROPYL METHYLCELLULOSE (HPMC) which is derived from a plant source. Capsules are free of any animal ingredients. Hence, they are BSE/TSE free.

GMO: Empty Vegetable (HPMC) capsules are GMO free and no GMO derived components involved.

VEGAN: Empty vegetable (HPMC) capsules comply with a vegan or vegetarian diet. They do not contain animal ingredients and are not tested on animals.

ALLERGEN: Please note that there may be several steps before the raw material is produced and access to data on manufacturing raw materials is not easily obtained for the starting materials and intermediates used in the production process. The following items are not used in the manufacturing process of the product, and although manufacturer does not specifically assay for the presence of the items below, it is unlikely that any traces of these items are present in the starting materials or in the final product.

The product is unlikely to contain the following -
☒ Cereals containing gluten and products thereof
☒ Corn and products thereof
☒ Celery and products thereof
☒ Soybeans and products thereof
☒ Yeast
☒ Fish and crustacean shellfish and products thereof
☒ Eggs and products thereof
☒ Dairy Products (Milk, Lactose, Caseinates, Whey)
☒ Peanuts and products thereof
☒ Tree nuts (oils) or derivatives
☒ Mustard and products thereof
☒ Sesame Oil
☒ Preservatives
☒ Sulfites >10ppm
☒ Beef/Chicken/Pork derivatives
☒ Carrageenan

PRODUCT DECLARATION

This allergen statement is for the use of the product in pharmaceutical compounding and is provided for informational purposes only. It is based on information received from the manufacturer concerning the product contents and manufacturing process, and Medisca makes no representations, and takes no responsibility for the content thereof. No analytical testing has been performed by Medisca or by the manufacturer for these allergens, and representations concerning their presence in trace amounts are based on theoretical considerations. Accordingly, this statement should not be taken as a guarantee of the absence of the above-stated allergens.

This statement replaces all previous versions for the above-mentioned product.
We trust this information, which is made to the best of our knowledge in conformance with the foregoing, will be helpful to you.

With kind regards,
The MEDISCA Team
